When **machinery is damaged**, worn out or not capable of meeting a company's needs...

Lee Contracting's machine repair service can help quickly get our clients back up and running, in the safest way possible. Most times, our specialized teams can cost-effectively rebuild or refurbish a machine, saving our clients the cost of replacement.

Lee Contracting's team is skilled at troubleshooting, repairing, rebuilding and inspecting equipment so our customers can get back to work faster. We help our clients limit downtime and improve efficiency, while helping to extend the life of their essential equipment.

Interested in learning how Lee can help your company maintain and service your equipment and machinery? Give us a call or visit our website.
