

PIPEFITTING

OUR IN-HOUSE PIPEFITTING TEAM CAN PERFORM A VARIETY OF SERVICES, INCLUDING:

- Design, Installation and Repair
- Piping Installation
(e.g. gas, hydraulic, compressed air, refrigeration, fuel, etc.)
- Joints
(e.g. grooved, welded, brazed, soldered, threaded, glued, etc.)
- Process Piping
- Plumbing
(water service piping, backflow installation, backflow certification and service)
- Pipe Insulation Installation
- Chiller & Pump Skid
Rental and Installation
- Emergency Service

A crucial part of most industrial projects is **pipefitting** solutions.

Lee Contracting's team of highly-skilled pipefitters specialize in projects that include carbon steel, stainless steel, CPVC, PVC, galvanized, copper, aluminum and ductile iron.

Our expert team creates a customized plan for each project – from determining the safest and best materials to use, to utilizing the best processes to complete the project. Lee's pipefitting team has the necessary certification to do the job right, including certified Victaulic installers, ASME B31.3 PVC and CPVC bonder qualification and ANSI/ASME B31 qualified welders. Safety is our top priority.
